

FREE* DIRECT INSTALL PLUMBING PROGRAM FOR COMMERCIAL ACCOUNTS

Including commercial, industrial, institutional properties, and multi-family residences with three or more units on a single water meter.

Call one of the Participating Plumbing Contractors listed below to determine eligibility and program details. The program includes:

Replacement of at least one high-flush toilet (3.5 gallons per flush or more) with a high-efficiency toilet (1.28 gpf or less) from our Qualifying Model List.

Replacement of at least one urinal (1.0 gallons per flush or more) with a high efficiency urinal (0.125 gpf or less) from our Qualifying Model List.

Replacement of all high-flow faucet aerators to high-efficiency models (1.5 gallons per minute or less).

Replacement of all high-flow showerheads with high-efficiency models (2.0 gallons per minute or less).

Participating Plumbing Contractors

Boden Plumbing 996-8683
ER Plumbing 938-1121

***Please Note:** The Sonoma Valley County Sanitation District is authorizing the Participating Plumbing Contractors to provide and install High-Efficiency Toilets. If you already have disabled access toilets, they will be replaced with disabled access toilets. However, we cannot cover upgrades from standard toilets to disabled access or any additional upgrades outside of the program scope.

Questions or Concerns? Call the Water Conservation Hotline at 707-547-1968.
